<b>Domain: Self and Social Development (SSD)</b>
--

**Measure 1**

**SSD1: Identity of self**

**Definition:** Child shows increasing awareness of own physical characteristics, preferences, and experiences as separate from those of others.

Frog Street Pre-K *Theme 1: My School and Me* highlights children’s physical attributes, emotions, and thoughts as they get to know themselves and their new classroom and school environment—setting the stage for their increased awareness of their own identity.

## Measure 2

### SSD2: Recognition of own skills and accomplishments

**Definition:** Child evaluates and takes pleasure in own ability to perform skillfully.

Frog Street Pre-K *Centers* are a great venue for assessing children’s recognition of their own skills and accomplishments. Children have opportunities to comment (“Look what I made!”) on their own work and teachers have opportunities to offer praise for a task completed well.

### Measure 3

#### SSD3: Expressions of empathy

**Definition:** Child shows awareness of other’s feelings and responds to expressions of feelings ways that are increasingly appropriate to the other’s needs.

Frog Street Pre-K *Conscious Discipline™ Rituals* presented in each day’s *Greeting Circle* (“Connect”) help children learn to be supportive when others are having a difficult day and to send positive thoughts to absent children. *Theme 1: Week 4* highlights the ability to think and feel and teaches children how to recognize emotions and express them appropriately.

## Measure 4

### SSD4: Impulse control

**Definition:** Child develops strategies for regulating responses in increasingly socially appropriate ways.

Frog Street Pre-K *Conscious Discipline™ Calming Strategies* presented in each day’s *Greeting Circle* (“Disengage the stress response”) and reviewed in each day’s *Closing Circle* help children learn ways to control impulses and deal appropriately with stress. Children will have many opportunities to apply the strategies they learn to wait their turn and share in *Centers* and during *Transitions* as they move from activity to activity throughout the day.

## Measure 5

### SSD5: Taking Turns

**Definition:** Child develops increased understanding of taking turns and begins to propose strategies for taking turns.

Frog Street Pre-K *Centers* provide opportunities for children to wait for their turn, use appropriate procedures for sharing materials, demonstrate rules, and resolve potential conflicts.

## Measure 6

### SSD6: Awareness of diversity in self and others

**Definition:** Child acknowledges and responds to similarities and differences between self and others and learns to appreciate the value of each person in a community.

Frog Street Pre-K offers *Special Needs Adaptations* throughout the program located in the margins beside applicable lessons. Besides being helpful for adapting an activity for a child with special needs, they also serve as reminders to teach children the importance of inclusion and fairness. In *Theme 6: Week 2*, “Tools and Machines” includes discussions/lessons about tools used by people with special needs. *Theme 1: Week 2*, “Physical Me” and *Theme 7: Week 1* “I Move” focus on physical characteristics including body parts and facial features.

## Measure 7

### SSD7: Relationships with adults

**Definition:** Child interacts with adult in ways that become increasingly cooperative, including sharing, joint planning, and problem solving.

Children have opportunities throughout Frog Street Pre-K to interact, cooperate, and enjoy experiences with adults. Adult interaction can be observed during *Greeting Circle*, *Read-Aloud*, *Literacy* lessons, *Math/Science* lessons, and *Closing Circle*. At *Centers*, children have the opportunity to work cooperatively with an adult to plan an activity and solve problems.

Measure 7 SSD7: Relationships with adults	FSPK Teacher Guide Page References
<b>Exploring:</b> Seeks interaction with familiar adult for company, help, or comfort.	
<b>Developing:</b> Attempts to establish a relationship with an adult by cooperating and interacting.	
<b>Building:</b> Seeks to share experience, engage in cooperative activity, or get information from adults.	
<b>Integrating:</b> Works cooperatively with an adult to plan and organize activities to solve problems.	

## Measure 8

### SSD8: Cooperative play with peers

**Definition:** Child interacts with peers through play that becomes increasingly cooperative and oriented towards a shared purpose.

Frog Street Pre-K *Centers* provide opportunities for children to work side-by-side with similar material and choose to engage with particular playmates cooperatively.

## Measure 9

### SSD9: Socio-dramatic play

**Definition:** Child learns to play with others using organized role-playing and symbolic play.

Frog Street Pre-K *Pretend and Learn Center* and *Construction Center* offers children opportunities to engage in pretend play and interact with peers. The *Moving and Learning* activities at the end of each day's Greeting Circle often offer opportunities to dance and move in pretend play scenarios (i.e., have children use their paper plate wings to fly like airplanes).

## Measure 10

### SSD10: Friendship with peers

**Definition:** Child forms increasingly closer relationships with certain peers, sharing experiences and activities.

Frog Street Pre-K *Centers* offer many opportunities for children to interact with peers and engage in social games and pretend play.

## Measure 11

### SSD11: Conflict negotiation

**Definition:** Child learns how to understand the needs of other children and to negotiate constructively within the constraints of social rules and values.

Frog Street Pre-K *Conscious Discipline™ Rituals* presented in each day’s *Greeting Circle* (“Commit”) and reviewed in each *Closing Circle* help children learn to use kind words, helping hands, and big voices to appropriately deal with conflicts and express needs/desires. Children are given opportunities to use these “tools” as they interact freely at *Centers*.

**LLD1: Comprehension of meaning**

**Definition:** Child receives, understands, and responds to oral language that uses increasingly complex words, phrases, and ideas.

Children are asked to comprehend meaning throughout the Frog Street Pre-K program. During *Transition to Practice Activities*, often children are asked one-by-one to follow a specific direction before being dismissed to a center activity. For example: “locate something circular,” “tell me a word that rhymes with *sun*,” or “tell a friend something you love about nature.” During *Read-Alouds*, *Science Lessons*, and *Closing Circle* children are asked to respond to open-ended questions that require them to elaborate on how and why things happen. *Theme 9, Week 4* “Then and Now” focuses on understanding language that refers to past and future events.

## Measure 14

### LLD2: Following increasingly complex instructions

**Definition:** Child understands and responds to increasingly complex directions and requests.

Children have many opportunities to follow increasingly complex directions throughout Frog Street Pre-K. For example, during a *Math* lesson, children might be asked to “Use the connecting cubes to make a tower.” During a *Content Connection* lesson, children might be directed to “Show me how to cross a street safely.” In *Moving and Learning* children might be asked to follow directions to move their bodies. During *Transitions*, children might be asked to follow directions such as “When you hear the letter that is your first name, choose a center.” And *Rebus Posters* allow children opportunities to follow multi-step processes.

## Measure 15

### LLD3: Expression of self through language

**Definition:** Child uses language to communicate with increasingly complex words and sentences.

At *Centers* children will have many opportunities for expressing themselves through language by communicating basic needs (“more crayons”) and producing basic 3-5 word sentences (“I drew a huge house.”). During *Read-Alouds*, *Transitions*, and *Math/Science Lessons*, children are given opportunities to use more complex vocabulary to describe events, predict outcomes, and describe relationships between objects.

### LLD6: Comprehension of age-appropriate text presented by adults

**Definition:** Child understands and responds to details and ideas from age-appropriate text presented by adults.

Frog Street Pre-K *Read-Alouds* provide the perfect opportunity for children to describe, predict, compare and summarize as they interact with text presented in each day's lesson.

### LLD7: Concepts about print

**Definition:** Child shows an increasing understanding of the conventions and physical organization of print material and that print carries meaning.

*FSPK Read-Aloud* offers opportunities for children to understand conventions of print as teachers highlight book features, turn books page by page, and invite children to interact with text. *Rebus Posters* and *Vocabulary Cards* (incorporated into lessons) also offer opportunities for children to distinguish print from pictures, identify that print carries meaning, and track print from left to right. Children can interact with books at the *Library & Listening Center* and in your classroom library using the suggestions from *Books to Share*. The *Morning Message* offers opportunities for children to understand that print is organized into units (such as letters and words).

## Measure 21

### LLD9: Letter and word knowledge

**Definition:** Child shows increasing awareness of symbols and letters, that letters make up words, and eventually that letters have sounds.

*FSPK Morning Message, Literacy Lesson, and the ABC Center* all offer opportunities for children to recognize an array of letters and demonstrate an awareness of the relationship between letters and sounds as well as letters and words.

## Measure 22

### LLD10: Emergent writing

**Definition:** Child shows increasing ability to write using scribbles, symbols, letters, and words to represent meaning.

FSP Pre-K *Writer's Corner* is specifically designed to give children opportunities to develop and practice writing skills. In addition, the *ABC Center*, *Creativity Center*, and *Fine Motor Center* also provide opportunities for children to draw pictures, add adult-written dictation, and write letter-like symbols.

**Domain: English Language Development (ELD)**

**Measure 23**

**ELD1: Comprehension of English**

**Definition:** Child is progressing toward fluency in understanding English.

Frog Street Pre-K *Read-Alouds* and *Literacy* lessons offer opportunities for children to actively engage in group activities conducted in English. *Centers* offer children opportunities to participate in independent activities. ELL strategies, at the point-of-use in the teacher guides, offer strategies to support lessons for *English Language Learners*.

## Measure 26

### ELD4: Symbol, letter, and print knowledge in English

**Definition:** Child shows an increasing understanding of the conventions and physical organization of print material in English and that print in English carries meaning.

Frog Street Pre-K *Morning Message*, *ABC Center*, *Writing's Corner*, and *Library & Listening Center* all give children opportunities to understand that symbols carry meaning and to demonstrate awareness of print.

**Domain: Cognitive development (COG)**

**Measure 27**

**COG1: Cause and effect**

**Definition:** Child shows an increasing understanding of cause and effect relations.

Frog Street Pre-K offers many opportunities for children to try out actions and predict the outcome in the *Science Center* and *Construction Center*. Many whole-group lessons, *Math/Science* and *Literacy* also challenge children to show understanding of cause and effect.

## Measure 28

### COG2: Problem Solving

**Definition:** Child shows increasing ability to reason logically or use strategies to solve challenging problems.

*FSPK Math Lesson* and *Math Center* offer many opportunities for children to use logical reasoning and strategies to solve problems. The *Science Center* and *Construction Center* also offer opportunities to use familiar objects and try out actions, including trial and error, to solve problems. *Theme 4: Choices*, Week 4 is devoted entirely to “Problem Solving.”

## Measure 29

### COG3: Memory and knowledge

**Definition:** Child stores, retrieves, and uses information about familiar and unfamiliar events, past experiences, people, and things.

*FSPK Closing Circle*, at end of each day, is a perfect opportunity to assess children’s ability to comment about details or answer questions about a story or content discussed earlier in the day. The *Literacy and Language Center* gives children many opportunities to retell stories and sequence events.

**Domain: Physical Development (PD)**

**Measure 38**

**PD1: Gross Motor Movement**

**Definition:** Child refines the ability to move in a coordinated way using large muscles (arms and legs).

Frog Street Pre-K *Outdoor Learning* (at the beginning of each week’s unit plan) offers opportunities for children to practice basic and more complex movements as they explore outdoors and participate in group games. *Moving and Learning*, the transition activity that follows Greeting Circle, often invites children to create their own dance steps and follow movement prompts in a song. The *Gross Motor Center* provides opportunities for children to participate in extended or integrated physical activities.

## Measure 43

### HLTH3: Personal safety

**Definition:** Child shows increasing awareness of safety practices that minimize risk and support healthy growth.

FSPK is built upon the concept that children have a job to keep the classroom safe. This principal is outlined through the Conscious Discipline routines taught in the morning's *Greeting Circle* and reviewed at the end-of-day *Closing Circle*.
